Account Linking & Privacy

Q1. Must I have a personal LinkedIn account?

No. You can either link an existing personal account or not link one at all — either way you can use the learning resources the company provides.

Q2. Must I link my personal LinkedIn account?

No. If you prefer not to link, choose "Add experience manually" and continue with setup without linking a personal account.

Q3. What difference does linking make?

Once linked, your Profile information can be combined to give you a more personalized learning experience. If you don't link, all platform features still work normally.

Q4. How do I link an existing account?

During activation, you can choose "Connect LinkedIn profile", sign in to your existing personal account and confirm the link.

Settings & Management

Q5. Can I link my account later on?

Yes. After signing in, click Me in the top-right corner → Settings → Connect my account at the bottom of the page.

Q6. Can I unlink my account later on?

Yes. After signing in, click Me in the top-right corner → Settings → Unlinked account at the bottom of the page.

Q7. Can I change the language settings?

Yes. After signing in, click Language in the top-right corner to change the platform language. Video subtitles can be set during playback from the language options each course provides.

Q8. Forgot your LinkedIn account password?

On the LinkedIn sign-in screen, click "Forgot password?" and follow the on-screen instructions to reset your password.

Platform Use & Status

Q9. Why pick skills I'm interested in?

LinkedIn Learning uses the skills and interests you select to recommend content that better fits your work and development needs.

Q10. Can I change my weekly goal later?

Yes. The weekly learning goal is mainly there to help you track your progress, and you can adjust it in Settings at any time to suit your needs.

Q11. How do I confirm activation succeeded?

As long as you can reach the LinkedIn Learning home page, your account is fully activated and you can start exploring and learning.

Q12. Which devices can I use it on?

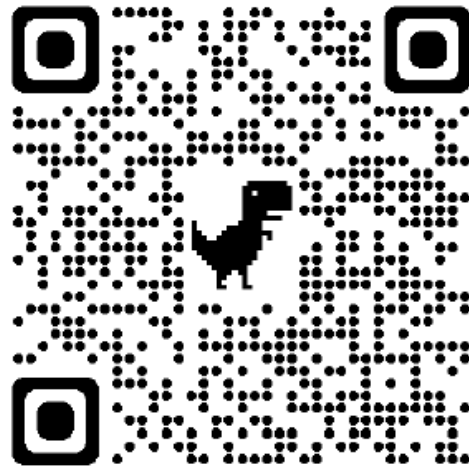

LinkedIn Learning supports desktop, tablet, mobile and other devices, so you can learn flexibly as your needs change.
